Club Activity Assignments

The following list represents which clubs are in charge of running the shown activities. Each club will need to provide at least 2 representatives from their club to set up, oversee, and put away their activities. Dan Boerman and Dave Pickard will explain the activities, provide all the necessary materials to operate, and shown where to put all the materials when the activity is finished on Saturday afternoon. It is common and acceptable for clubs to assign different personnel for the morning and afternoon sessions, but please remind your afternoon staff that it is their responsibility to take down their activity and put it away. Please send your staff to see Dan or Dave on Friday evening immediately following the main assembly to receive their instructions.
